

Quizz #1
Sunday 3 October 2020, 30 minutes 10 marks

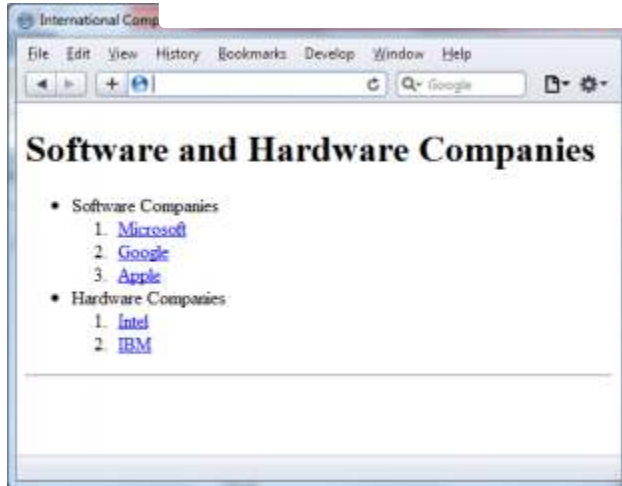

Q1) Draw and write down the output of the following HTML code. (5 marks)

```
<!DOCTYPE html>
<html>
<head>
  <title>Table Layout</title>
</head>
<body>
  <table style="border: 1px solid;">
    <tr style="text-align: center;">
      <td style="border: 1px solid;">
        Left<br />Column</td>
      <td style="border: 1px solid;
        vertical-align: top;">
        Right Column</td>
    </tr>
    <tr>
      <td style="border: 2px solid;">
        Some data</td>
      <td style="border: 3px solid;">
        Some data</td>
    </tr>
  </table>
</body>
</html>
```

Left Column	Right Column
Some data	Some data

Q2) Provide the HTML markup code that results in the following page output. Note that data cells of the table contain arbitrary hyperlinks to the respective companies. (5 marks)

```
<!DOCTYPE html>
<html>
<head>
<title>International Companies</title>
<body>
<h1>Software and Hardware Companies</h1>
<ul>
<li>Software Companies
<ol>
<li><a href="https://www.microsoft.com/ar-sa">Microsoft</a></li>
<li><a href="https://www.google.com.sa/?hl=ar">Google</a></li>
<li><a href="https://www.apple.com/sa-ar/">Apple</a></li>
</ol>
</li>
<li>Hardware Companies
<ol>
<li><a href="https://www.intel.com/content/www/us/en/homepage.html">Intel</a></li>
<li><a href="https://www.ibm.com/sa-ar">IBM</a></li>
</ol>
</li>
</ul>
<hr>
</body>
</head></html>
```
